Finding out more about people with health and disability issues

The Office of Disability Issues (ODI) works to make better the lives of disabled people. Today, we want to talk to people aged 16 years and older, who have health or disability issues.

GfK NOP is a company that asks people about their everyday lives. A person from GfK NOP will ask you questions. If you cannot talk now, they can come back later.

Everything you tell us will be kept private. Your answers will not be shown to anybody else.

If you want to know more then ask the person from GfK NOP. Or, you can:

Call 0800 0156535

ODIsurvey@gfk.com

Many thanks

Nicola Smith
